Our Mission

Our mission at SOLIFE is to revolutionize outdoor living by creating modern garden furniture that seamlessly combines sustainable technologies with exquisite design. We aim to provide eco-friendly solutions that harness the power of the sun, enhancing the overall outdoor experience while minimizing the carbon footprint. With our products, we strive to inspire individuals to embrace sustainable lifestyles and contribute to a greener future.

Naszą misją w SOLIFE jest zrewolucjonizowanie życia na świeżym powietrzu poprzez tworzenie nowoczesnych mebli ogrodowych, które płynnie łączą zrównoważone technologie z wyjątkowym wzornictwem. Naszym celem jest dostarczanie ekologicznych rozwiązań, które wykorzystują moc słońca, poprawiając ogólne wrażenia z przebywania na świeżym powietrzu, jednocześnie minimalizując ślad węglowy. Dzięki naszym produktom staramy się inspirować ludzi do prowadzenia zrównoważonego stylu życia i przyczyniania się do bardziej ekologicznej przyszłości.

Our Vision

At SOLIFE, our vision is to become a global leader in sustainable outdoor living. We envision a world where stylish and eco-friendly garden furniture is the norm, and renewable energy solutions are integrated seamlessly into outdoor spaces. We are dedicated to continuously innovating and pushing the boundaries of sustainable design, providing our customers with top-quality products that reflect their commitment to the environment. Through our efforts, we aim to inspire and empower individuals to make conscious choices that benefit both their lifestyle and the planet.

Naszą wizję w SOLIFE jest stać się globalnym liderem w dziedzinie zrównoważonego stylu życia na świeżym powietrzu. Wyobrażamy sobie świat, w którym dobrze zaprojektowane i przyjazne dla środowiska meble ogrodowe są normą, a rozwiązania w zakresie energii odnawialnej są płynnie zintegrowane z przestrzeniami zewnętrznymi. Naszym celem jest ciągłe wprowadzanie innowacji i przesuwanie granic zrównoważonego projektowania, dostarczając naszym klientom produkty najwyższej jakości, które odzwierciedlają ich zaangażowanie w ochronę środowiska. Poprzez nasze wysiłki staramy się inspirować i zachęcać ludzi do dokonywania świadomych wyborów, które przynoszą korzyści zarówno ich stylowi życia, jak i naszej planecie.

The Core Collection

The Core collection is a set of modular garden furniture built on an aluminum profile system, allowing for flexible configuration. Some of them are also equipped with integrated photovoltaics. The use of photovoltaic panels in the garden furniture has made it possible to add completely new functionalities to them - lighting, charging mobile devices and seat heating. As a result, outdoor furniture can be used comfortably even in the colder months. The collection includes upholstered sofas and armchairs, tables, bookcases with shelves and outdoor kitchens. Most of the furniture will also work well in interiors.

Kolekcja Core to zestaw modułowych mebli ogrodowych zbudowanych na systemie profili aluminiowych, pozwalających na elastyczną konfigurację. Niektóre z nich są również wyposażone w zintegrowaną fotowoltaikę. Zastosowanie paneli fotowoltaicznych w meblach ogrodowych umożliwiło dodanie do nich zupełnie nowych funkcjonalności - oświetlenia, ładowania urządzeń mobilnych oraz podgrzewania siedzisk. Dzięki temu, nawet w chłodniejszych miesiącach można komfortowo korzystać z mebli zewnętrznych. W skład kolekcji wchodzi tapicerowane sofy i fotele, stoły, regały z półkami oraz kuchnie zewnętrzne. Większość mebli dobrze sprawdzi się również we wnętrzach.

dimensions / wymiary: 2500 x 800 x H400 mm

Square table with PV panel. Both versions available - with and without PV.
Dimensions / wymiary: 8000 x 800 x H750 mm

Long dining table. Both versions available - with and without PV.
dimensions / wymiary: 3000 x 800 x H750 mm

The Fold Collection

Furniture from The Fold Collection is a fresh look at outdoor furniture, which (in its basic version, without photovoltaics) will also work well in interiors. Their uniqueness lies in their simple form and interesting details, such as the rounding of the ends of the profiles or the way the screws are treated not only as structural but also as decorative elements.

Meble z kolekcji The Fold to świeże spojrzenie na meble zewnętrzne, które (w podstawowej wersji, bez fotowoltaiki) sprawdzą się także we wnętrzach. Ich wyjątkowość tkwi w prostej formie i ciekawych detalach, takich jak zaokrąglenia na końcach profili czy sposób potraktowania śrub nie tylko jako elementów konstrukcyjnych, ale też dekoracyjnych.

The Fold Collection.

Stool

dimensions: 360 x 330 x H450 mm

The spacing between the parts of the seat allows water to flow through. The stool comes in a version that enables it to be screwed to the ground or with protective plastic caps.

Bar Stool

dimensions: 360 x 330 x H750 mm

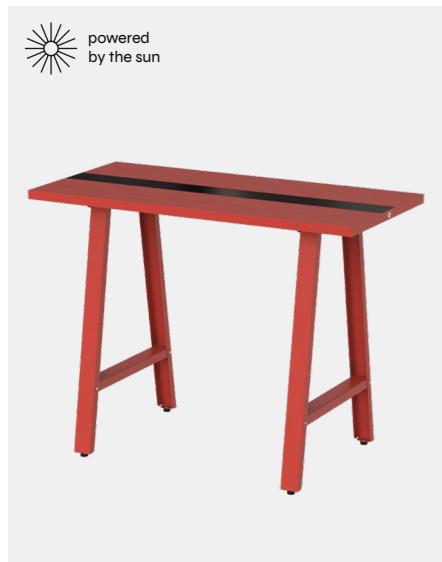

The spacing between the parts of the seat allows water to flow through. The bar stool comes in a version that enables it to be screwed to the ground or with protective plastic caps.

Bench

dimensions: 1100 x 330 x H450 mm

The spacing between the parts of the seat allows water to flow through. The bench comes in a version that enables it to be screwed to the ground or with protective plastic caps.

powered by the sun

Photovoltaic Table

dimensions: 1400 x 700 x H1050 mm

premium equipment: Consist of 20 000 mAh battery, 50W solar panel and a USB charger.

The table comes from the premium outdoor line and is equipped with a photovoltaic panel and USB ports, allowing you to plug in, for example, a phone charger, and will be perfect on the terrace of a private home, cafe or hotel garden or patio, and in the gastro area at a festival.

The gaps in the table top allow water to flow through. The table comes in a version that allows it to be screwed to the ground or with protective plastic caps.

powered by the sun

Photovoltaic High Table with Light

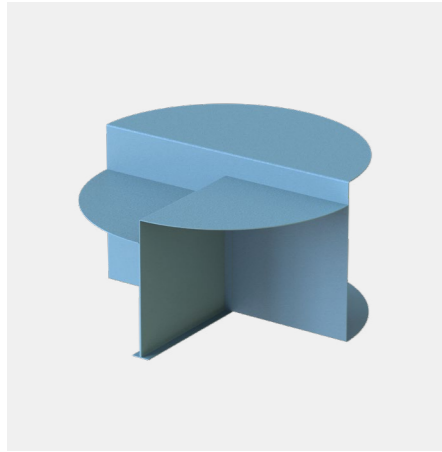

dimensions: 1450 x 900 x H1960 mm

premium equipment: Consist of 20 000 mAh battery, 50W solar panel, a USB charger and two LED stripes to illuminate the tabletop.

Coming from the premium outdoor line, the special add-on mounted to the table's legs equipped with a photovoltaic panel, LED strip illuminating the tabletop and USB ports makes the table ideal not only on the terrace of a private home, cafe or hotel garden or patio, but also in a gastro area at a festival without access to a permanent power source.

The Fold Collection.

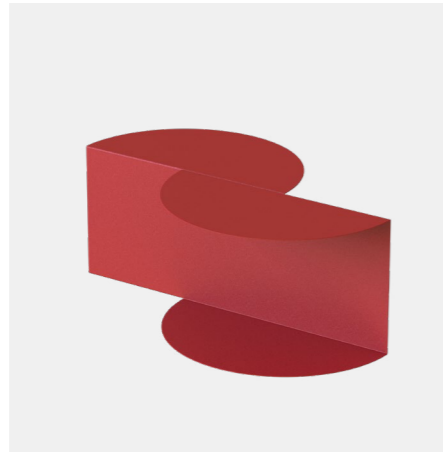

Level
dimensions / wymiary: 600 x 600 x H350 mm

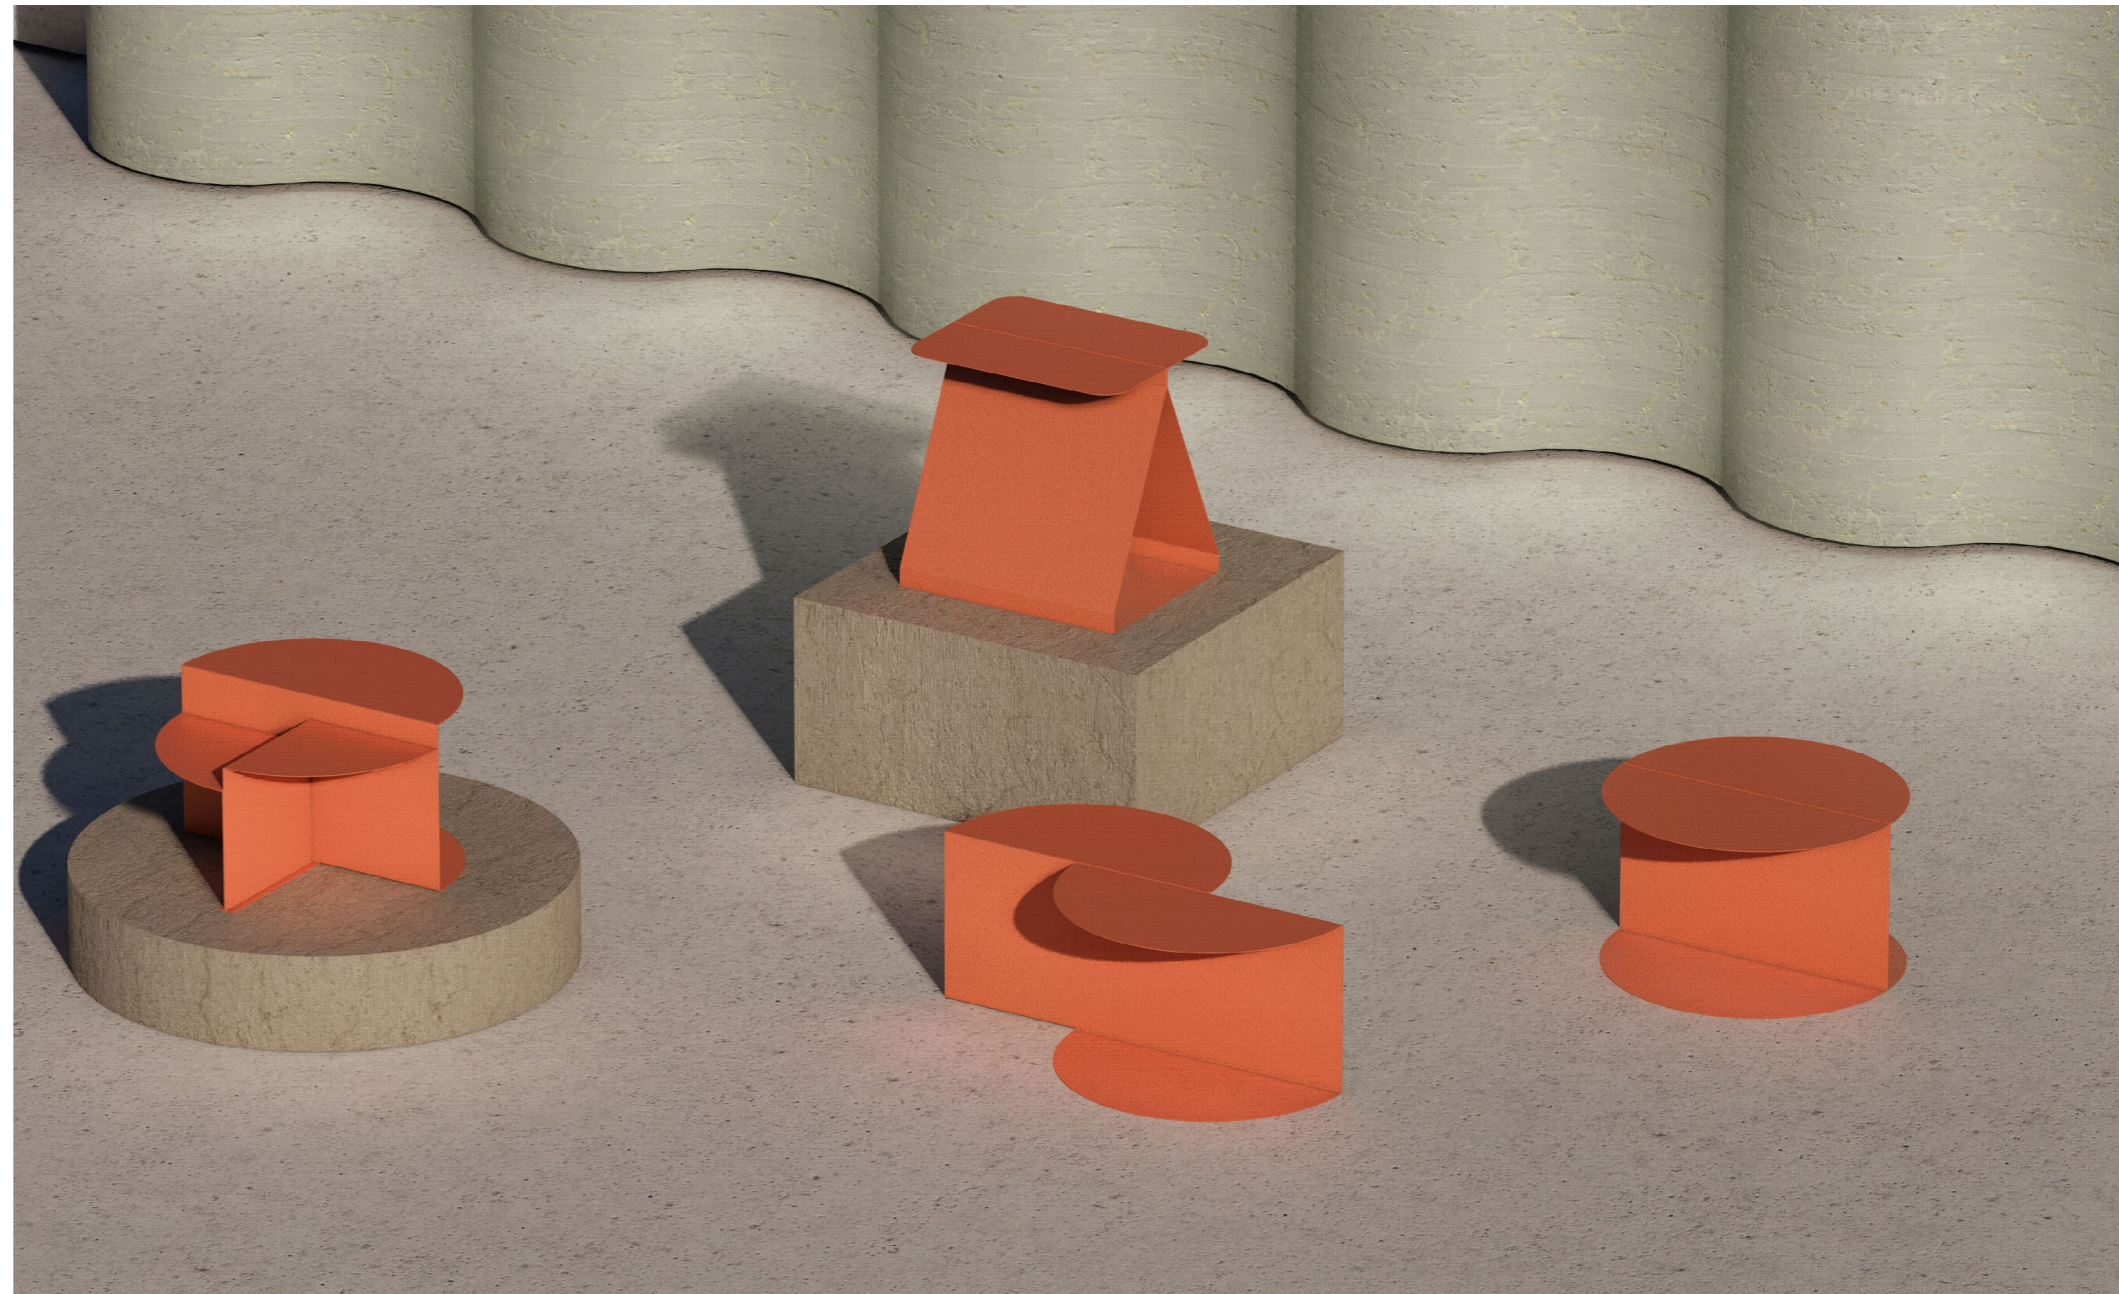

Oval
dimensions: 600 x 600 x H350 mm

Twin
dimensions: 400 x 400 x H500 mm

Offset
dimensions: 900 x 600 x H350 mm

Fireplaces / Paleniska

Square
dimensions: 600 x 600 x H300 mm

Rectangular
dimensions: 1200 x 400 x H300 mm

Shelf One

dimensions: 1100 x 300 x H510 mm

The smallest of the shelf series can also serve as a bench, in a hallway for example, an assistant table or RTV cabinet.

Shelf Two

dimensions: 1100 x 300 x H880 mm

The second in the shelf series offers more storage space and is taller, so in addition to being an RTV cabinet, it can serve as a combination of a table and shelf, including on a balcony, for example.

Shelf Three

dimensions: 1100 x 300 x H1250 mm

The tallest of the shelf series will be great for storing kitchen items, books, or for displaying all your treasures. Also ideal for flowers and plants, as well as blankets and pillows on the balcony and terrace, or as an assistant cabinet in the cafe garden.

Planter

dimensions: 1100 x 300 x H1010 mm

This piece of furniture combines the functions of a planter and a shelf. Great on the balcony, as a divider wall on the terrace, or for herbs and kitchen utensils.

The Essential Collection

Essential Collection is a series of items with basic functions, helpful at home and in the garden. They are distinguished by interesting details and functional minimalism.

Essential Collection to seria przedmiotów o podstawowych funkcjach, pomocnych w domu i w ogrodzie. Wyróżnia je ciekawy detal i funkcjonalny minimalizm.

This symbol means that the product is equipped with photovoltaic panels, so it generates electricity.

Symbol oznacza, że dany produkt jest wyposażony w panele fotowoltaiczne, dzięki czemu generuje on czystą energię elektryczną.

Products equipped with photovoltaics thus gain additional capabilities.

Produkty wyposażone w fotowoltaikę zyskują dzięki temu dodatkowe możliwości.

Possibility of charging mobile devices / Możliwość ładowania urządzeń mobilnych

Lighting / Oświetlenie

Seat heating / ogrzewanie siedzeń

More

We are a new brand on the market but our products are created by people with extensive experience in product design and marketing strategies. Our goal was to create a brand based on innovation and sustainable sourcing of green energy. This is a complete novelty in the garden furniture market, so we warmly invite you to follow our path. The production of our furniture and accessories is done locally, so we can already reduce our carbon footprint at this stage. Packing in flat packs allows us to maximize loading, which in turn reduces the environmental impact of transportation. Our products are "decomposable" into single-material parts, so they can be partially recycled again.

Jesteśmy nową marką na rynku ale nasze produkty tworzą osoby o ogromnym doświadczeniu w projektowaniu produktów i strategii marketingowych. Naszym celem było stworzenie marki opartej na innowacji i zrównoważonym pozyskiwaniu zielonej energii. Jest to zupełna nowość na rynku mebli ogrodowych, dlatego serdecznie zapraszamy do śledzenia naszej drogi. Produkcja naszych mebli i dodatków odbywa się lokalnie, dzięki czemu możemy już na tym etapie ograniczyć ślad węglowy. Pakowanie w płaskie paczki pozwala nam maksymalnie wykorzystać załadunek, co z kolei ogranicza wpływ transportu na środowisko. Nasze produkty są "rozkładalne" na jednomateriałowe części, dzięki czemu mogą być częściowo przetwarzane ponownie.
